

# PHC activities in different countries: The current status and challenges

- **Date & Time:** Friday, November 8, 2024, 15:00 – 17:00 JST
- **Venue:** Kyushu University Hospital, TEMDEC (hybrid via ZOOM)
- **Language:** English

■ **Outline:** The Portable Health Clinic (PHC) services have been implemented in various Asian countries. Each country uses a different service model to address the local requirements. Therefore, the challenges would be different. This session aims to present updates on the current activities, challenges, and exchange experiences among the partners. This session also aims to share the results of the ongoing performance study on various medical sensors collected from different regions and to present a recommended set of sensors for each country.

**Session Organizers:**

**A Ahmed**  
Panel Moderator  
(Kyushu Univ)

**N Nakashima**  
Session Chair  
(Kyushu Univ)

**F Yokota**  
Organizer  
(Kyushu Univ)

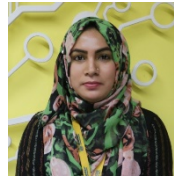

**RI Maruf**  
Session MC  
(Kyushu Univ)

**M Nishikitani**  
Closing Session  
(Kyushu Univ)

**Session Speakers:**

**N Jahan**  
(GC, Bangladesh)

**L Lazuardi**  
(UGM, Indonesia)

**H Yuandong**  
(CDC, China)

**HB Lasimbang**  
(UMS, Malaysia)

**K Kikuchi**  
(KU, Japan)

**TS Carraway**  
(AIT, Thailand)
