

Recent Developments of the Portable Health Clinic Activities in Global Health Initiatives

- **Date & Time:** Monday, Nov 6, 2026, 15:00-16:30 JST
- **Venue:** Kyushu University Hospital, TEMDEC (hybrid)
- **Language:** English

■ **Outline:** The Portable Health Clinic (PHC) system has been implemented across several Asian countries, with each country adopting service models tailored to its local needs and healthcare contexts. Consequently, each implementation faces its own unique challenges. This session aims to share updates on ongoing initiatives, recent activities, and key challenges across participating countries. The concluding panel discussion will provide an opportunity for participants to exchange practical experiences, share lessons learned, and explore collaborative solutions to overcome common challenges and strengthen PHC services in their respective settings.

Session Organizers:

N Nakashima
Session Chair
(Kyushu Univ)

RI Maruf
Session MC
(Kyushu Univ)

A Ahmed
Panel Moderator
(Kyushu Univ)

Session Speakers:

N Jahan
(GC, Bangladesh)

H Yuandong
(CDC, China)
