

# The progress of UQ-KU project and a way forward

■DATE: Nov 7 (Tue) 1600~1730

■VENUE: International Institute for Carbon-Neutral Energy Research (I<sup>2</sup>CNER), Research Building 1, 1st Floor Hall C

■REGISTRATION: Asia Week Homepage or On Site

■LANGUAGE: Japanese

■OUTLINES:

Kyushu University has been carrying out the UQ-KU project in collaboration with the University of Queensland, a prominent Australian university, for nine years. This occasion marks an invitation to Professor Nogita, who plays a corresponding role at the University of Queensland, for the purpose of discussing the outcomes achieved during the nine-year UQ-KU project and its prospective advancement involving all stakeholders. Additionally, Professor Yasuda from the Faculty of Engineering will introduce the forthcoming credit transfer system that is set to be initiated between Kyushu University's Faculty of Engineering and the Faculty of Engineering at the University of Queensland.

**Opening Remarks** (1600~1605)

*Prof. Shuji Shimizu, Vice President, Kyushu University*

**Progress of the UQ-KU Project** (1605~1630)

*Prof. Kazuhiro Nogita, The University Of Queensland*

**Credit transfer system starting in the Faculty of Engineering** (1630~1645)

*Prof. Kazuhiro Yasuda, Faculty of Engineering*

**KU-UQ co-operation update** (1645~1720)

*Prof. Toshinori Tanaka, Q-AOS, and others*

**Closing Remarks and Way Forward** (1720~1730)
