

PHC Activities in Different Countries and Challenges with the Portable Medical Sensors

- **Date & Time:** Monday, November 6, 2023, 16:30 – 18:30
- **Venue:** Kyushu University Hospital, TEMDEC (hybrid via ZOOM)
- **Language:** English

■ **Outline:** This session will demonstrate the results of a performance evaluation study to identify the best medical sensors for the PHC systems and thereby support each region to ensure the quality of their services. For this evaluation study, the Japanese clinical pathology laboratory test results have been considered the gold standard. This platform can be used to evaluate any sensors to be used in the Portable Health Clinic (PHC) systems and other telehealth services.

Time Schedule	
Time	Program/Speaker
16:30	Welcome to the session and introducing the guests by the Moderator <i>Dr. Rafiqul Islam Maruf, Medical Information Center, Kyushu Univ. Hospital</i>
16:35	Opening remarks <i>Session Chair: Prof. Naoki Nakashima, Kyushu Univ. Hospital</i>
16:40	Updates on PHC activities in different regions Bangladesh PHC Activities, <i>Ms. Nusrat Jahan, Grameen Communications</i> Bangladesh MCH Activities, <i>Dr. Kimiyo Kikuchi, Harvard University</i> China PHC Activities, <i>Dr. Hu Yuandong, CDC, China</i> India PHC Activities, <i>Dr. Manish Biyani, Biyani Group, India</i> Indonesia PHC Activities, <i>Dr. Lutfan Lazuardi, Gadjah Mada University</i> Malaysia PHC Activities, <i>Prof. Helen Benedict Lasimbang, Univ. Malaysia Sabah</i> Thailand PHC Activities, <i>Dr. Tanawan S. Carraway, Asian Institute of Technology</i>
17:30	Challenges with the portable medical sensors for PHC services <i>Dr. Rafiqul Islam Maruf, Medical Information Center, Kyushu Univ. Hospital</i>
18:00	Panel discussion <i>Panel Moderator: Dr. Ashir Ahmed, Kyushu University, Japan</i>
18:25	Closing remarks <i>Dr. Fumihiko Yokota, Kyushu University Institute for Asian-Oceania Studies, Japan</i>
18:30	The End
